

AUTHORISED RESELLER

PRODUCT CATALOGUE

2024

Welcome to the Big Green Egg product catalogue.

Two of the main selling points of a Big Green Egg are its lifetime guarantee and its incredible versatility, and these defining qualities give customers every incentive to continue expanding their set-up, extending their skills, and increasing the range and quality of dishes they create. The Big Green Egg, with 50 years of heritage, is the original and the best. It isn't just a barbecue, it's an outdoor oven, and with the right additions it has the potential to be an entire outdoor kitchen.

As one of our dedicated dealers, it is essential that you have everything you need to guide your customers around the many options available to them. This catalogue, which outlines the Big Green Egg products currently available in the UK, is designed to help you do so.

You'll also be able to refer to the wide range of recipes and how-to guides on our website. Our Dealer portal will keep you informed of any changes or additions throughout the year.

Should you require any further information on our products, our Head Office team is on hand to support you.

It was exactly 50 years ago, in 1974, that our founder Ed Fisher, inspired by southern barbecue culture and Japanese kamado grills, sold his first egg-shaped outdoor oven from a small store in Atlanta, Georgia. After five decades of innovation, today's state-of-the-art Big Green Egg is a very different beast, but its spirit remains unchanged.

ED FISHER

BIG GREEN EGG FOUNDER
& CHAIRMAN

ALL ABOUT THE EGG

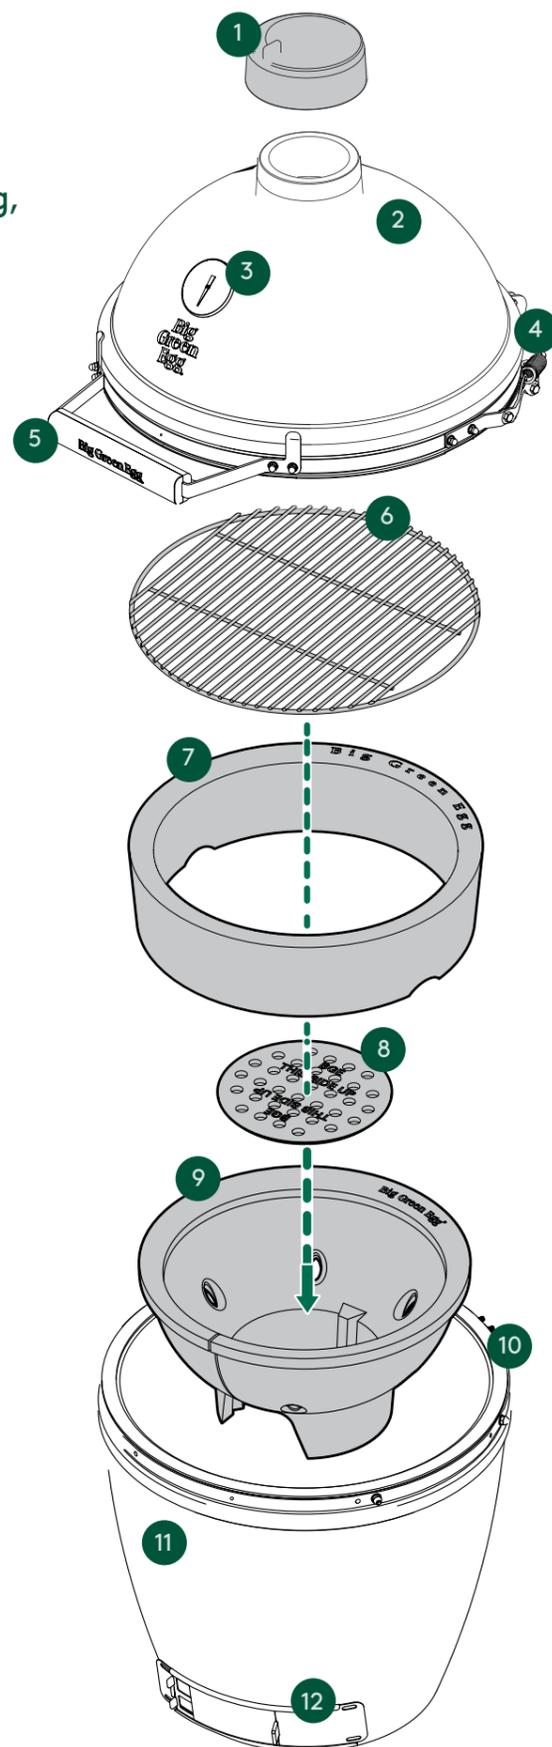

It's big, it's green and it's shaped like an egg, but it takes outdoor cooking to a totally different level. While different sizes may appeal to different customers, their selling points are universal to them all.

SELLING POINTS OF THE EGG

- The Big Green Egg has benefitted from 50 years of constant innovation after its birth in 1974
- Not just for summer, the EGG is suitable for cooking on all year round
- Powered by advanced technology inspired by ceramics developed for NASA, an EGG retains heat better than any other barbecue on the market
- Even without a cover, an EGG is robust enough to leave outside all year
- An EGG is a lifetime investment, the ceramics are covered by a limited lifetime warranty
- Because of its breadth of cooking modes, anything that can be cooked in the kitchen can be created on the EGG
- With the Dome closed, the EGG retains the moisture in food and allows it to be imbued with smoky flavours from the coals
- The EGG is loved and trusted by top chefs and celebrities, including Tom Kerridge, Jamie Oliver, Clare Smyth and David Beckham.
- The EGG is made with fully vegan-friendly materials.

EGG COMPONENTS

1. rEGGulator
2. Dome
3. Tel-Tru Thermometer
4. Quadra-link Bands & Hinges
5. Acacia Handle
6. Stainless Steel Grid
7. Fire Ring
8. Fire Grate
9. Fire Box
10. High Temperature Gasket
11. Base
12. Draft Door

THE EIGHT COOKING MODES

1. GRILLING

A form of direct cooking in which heat is applied to the surface of the food, generally from underneath.

Average EGG temperature for best results
250°C-300°C

How to set up the EGG

Direct on a Stainless Steel Grid or Cast Iron Searing Grid.

Food examples

Steak, chicken, fish, aubergine.

2. ROASTING

A form of indirect cooking in which hot air surrounds the food and cooks it evenly on all sides.

Average EGG temperature for best results
110°C-200°C

How to set up the EGG

Indirect using the ConvEGGtor with legs up and a Stainless Steel Grid.

Food examples

Sunday lunch, roast cauliflower, roast chicken.

3. BAKING

Indirect cooking in which hot air surrounds the food and cooks it evenly from the surface to the centre.

Average EGG temperature for best results
180°C-250°C

How to set up the EGG

Indirect using the ConvEGGtor with legs down and, in many cases, a Baking Stone.

Food examples

Pizza, sourdough bread, Yorkshire puddings.

4. SMOKING

The use of burning wood chips to add flavour to food. Can also be used as a means of preservation.

Average EGG temperature for best results
140°C-250°C

How to set up the EGG

Pre-soak some Premium Woodchips. When the charcoals are hot, add the Woodchips, then set up with a Stainless Steel Grid or Cast Iron Searing Grid.

Food examples

Salmon, ham, mackerel.

5. LOW & SLOW

A method of cooking at a lower than normal temperature over a longer period of time.

Average EGG temperature for best results
110°C

How to set up the EGG

Direct or indirect. Adjust the vents to keep the temperature low and steady.

Food examples

Pork shoulder, brisket, lamb curry.

6. ROTISSERIE

Cooking food on a spit that rotates directly or indirectly over the flames.

Average EGG temperature for best results

You can cook with the Rotisserie at any temperature.

How to set up the EGG

Direct over the lit charcoal. Indirect using the EGGspander System Multi-Level Rack upside down, plus a small Baking Stone. Direct with a Stainless Steel Grid to hold a pan beneath the spit.

Food examples

Rotisserie chicken, spit-roast squash or pineapple.

7. DIRTY COOKING

A form of direct cooking in which food is placed directly onto lit charcoal.

Average EGG temperature for best results
200°C-250°C

How to set up the EGG

Requires nothing but hot charcoals and some tongs.

Food examples

Beetroot, scallops in their shells, steak.

8. PAN COOKING

From stir-fries to curries, casseroles to omelettes: dishes cooked in our wide range of pans.

Average EGG temperature for best results
110°C-300°C

How to set up the EGG

Direct or indirect – whatever the recipe requires.

Food examples

Paella, ratatouille, beef massaman, full English.

Every EGG comes with a limited

LIFETIME WARRANTY

WHAT IS COVERED IN THE LIFETIME WARRANTY?

Every Big Green Egg (2XL, XL, Large, Medium, Small, MiniMax and Mini) carries a lifetime warranty for materials and workmanship on all ceramic components:

- Dome
- Base
- Damper Top
- Fire Box
- Fire Ring

Warranty applies to the original purchaser or an owner who has purchased the product from an authorised Dealer.

WHAT IS COVERED IN THE 3-YEAR WARRANTY?

- ConvEGGtor
- Baking Stones

These ceramic components are not covered for breakage from dropping or abuse.

WHAT IS COVERED IN THE 5-YEAR WARRANTY?

- Metal Bands
- Hinge Mechanism
- Dual Function Metal Top
- rEGGulator
- Stainless Steel Cooking Grid
- Fire Grate
- Draft Door

Warranty applies to the original purchaser.

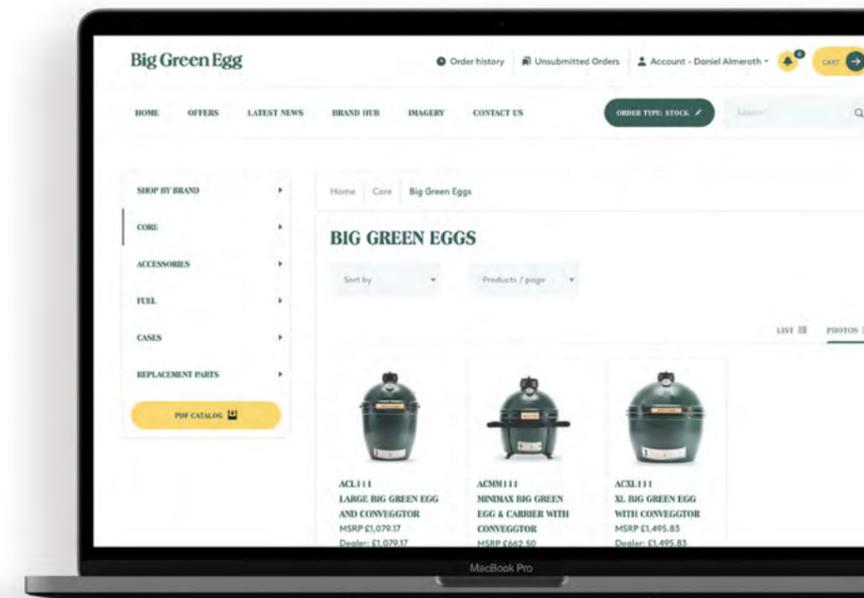

WHAT IS COVERED IN THE LIMITED 1-YEAR WARRANTY

- EGG Mates
- Cast Iron Searing Grid
- Tables
- Dome Thermometer Gauge
- Gasket

Wood products are not covered for normal weathering or cracks unless there is also a loss of structural integrity. Warranty applies to the original purchaser.

The gateway to almost everything

THE DEALER PORTAL

Our online Dealer Portal is a vital tool for Dealers. It enables you to view your order history, check product availability and set up orders.

Of the four order types available to Dealers, three are placed directly through our Dealer Portal: Customer Orders, Quotes, and Stock Orders.

For more information please email:
dealers@biggreenegg.co.uk

THE ESSENTIALS

Get your customer started with the right EGG, base, cooking surfaces and fuel

SALES GUIDE

Which size is right?

THE FAMILY BESTSELLER

XL

A hard-working piece of kit with a massive cooking area. If your customer regularly caters for more than 12 people, this is the EGG for them. It's so big, it can easily accommodate show-stopping multi-dish meals.

EXTERNAL EGG Ø (INCL. HINGE & HANDLE): 69cm (82cm)
COOKING SURFACE Ø: 61cm
HEIGHT: 82cm
WEIGHT: 93kg

PRODUCT	SKU	EAN
XL Big Green Egg	ACXL111	665719117649

THE CLASSIC

LARGE

This customer favourite is the perfect size for large family gatherings. It is also the model that comes with the largest selection of accessories, so offers the widest scope for experimentation.

EXTERNAL EGG Ø (INCL. HINGE & HANDLE): 56cm (69cm)
COOKING SURFACE Ø: 46cm
HEIGHT: 80cm
WEIGHT: 99kg

PRODUCT	SKU	EAN
L Big Green Egg	ACL111	665719117632

THE PERFECT ALL-ROUNDER

MINIMAX

Our most portable model. For a small household, it may be the only EGG your customer needs – big enough to roast a whole chicken or cook a pizza. Others might pair it with a larger EGG: one for home, one for the beach or campsite.

EXTERNAL EGG Ø (INCL. HINGE & HANDLE): 43cm (56cm)
COOKING SURFACE Ø: 33cm
HEIGHT: 50cm
WEIGHT: 40kg

PRODUCT	SKU	EAN
MM Big Green Egg	ACMM111	665719119650

If your customer is building their own outdoor kitchen they will need specific dimensions which are available, please contact our Customer Service team on info@biggreenegg.co.uk

Not big enough?

THE BIG BEAST

2XL

The 2XL is the biggest EGG of them all. With one of these at the heart of their outdoor kitchen, your customer will be able to serve delicious food to an entire restaurant's-worth of friends and family. Did someone say suckling pig? The 2XL really is THAT big.

While we don't sell 2XL Big Green Eggs on our website, they can be

ordered in. If you have a request for one, get in touch with us at: dealers@biggreenegg.co.uk

- Grid Diameter: 74cm
- Cooking Area: 4,336 cm²
- Weight: 170kg

A base you can build on
MODULAR NEST SYSTEM

MODULAR NEST SYSTEM

Our Modular Nest System allows your customer to create an alfresco kitchen tailored precisely to their needs. Start out with a Modular Nest, then add Expansion Frames, Expansion Cabinets and shelf inserts. Each Nest comes with a stainless steel wire grid insert and tool hooks. Levellers are included too, but, if they'll be moving the Nest a lot, a set of Caster Wheels (available separately) might be needed.

While each Nest caters to a different EGG size, the Expansion Frames and Expansion Cabinets are universal, and can be fixed in place with ease.

Only available for 2XL, XL, Large and Medium Big Green Eggs.

The big four

ESSENTIAL SURFACES

CERAMIC BAKING STONE

A ceramic stone that, when placed on top of the ConvEGGtor, provides a cooking surface for bread, pizzas and other bakes.

PRODUCT	SKU	EAN
M, MM Baking Stone	ACS420	665719401007
L Baking Stone	ACL420	665719401014
XL Baking Stone	ACXL420	665719401274

Now comes as standard with every EGG!

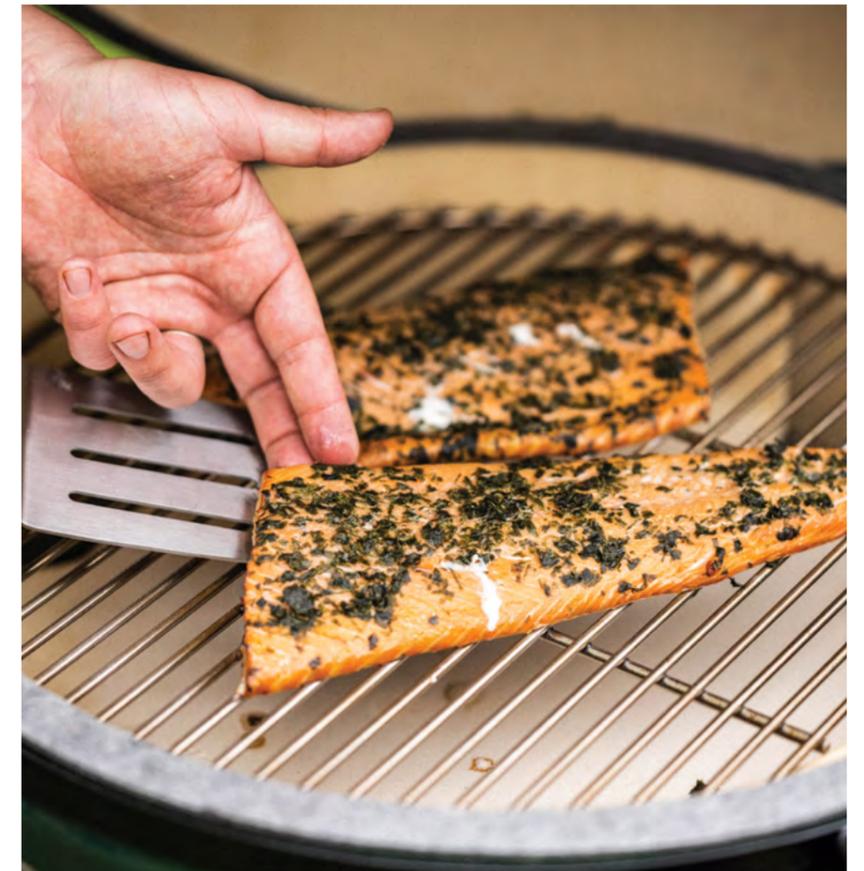

CONVEGGTOR

An innovative ceramic device that diffuses the airflow around the EGG, creating the environment of a convection oven. This means that anything that can be cooked in a kitchen oven – from bread and pizzas to roasts and stews – can also be cooked on an EGG.

Some food can be cooked directly on the ConvEGGtor, but it does become very hot. When baking, we recommend adding a Baking Stone to prevent the dough from burning on the base.

Comes as standard with every EGG.

PRODUCT	SKU	EAN
Mini ConvEGGtor	ACG400	665719114341
MM ConvEGGtor	ACMM400	665719116604

Join the revolution

THE BIG GREEN EGG ROTISSERIE

ROTISSERIE

Our game-changing Rotisserie allows meat, fish, vegetables or fruit to be smoothly spit-roasted over the flames. A metal spit with two adjustable forks holds the ingredients in place, powered by a motor strong enough to rotate up to 25kg of food.

BEST SELLER

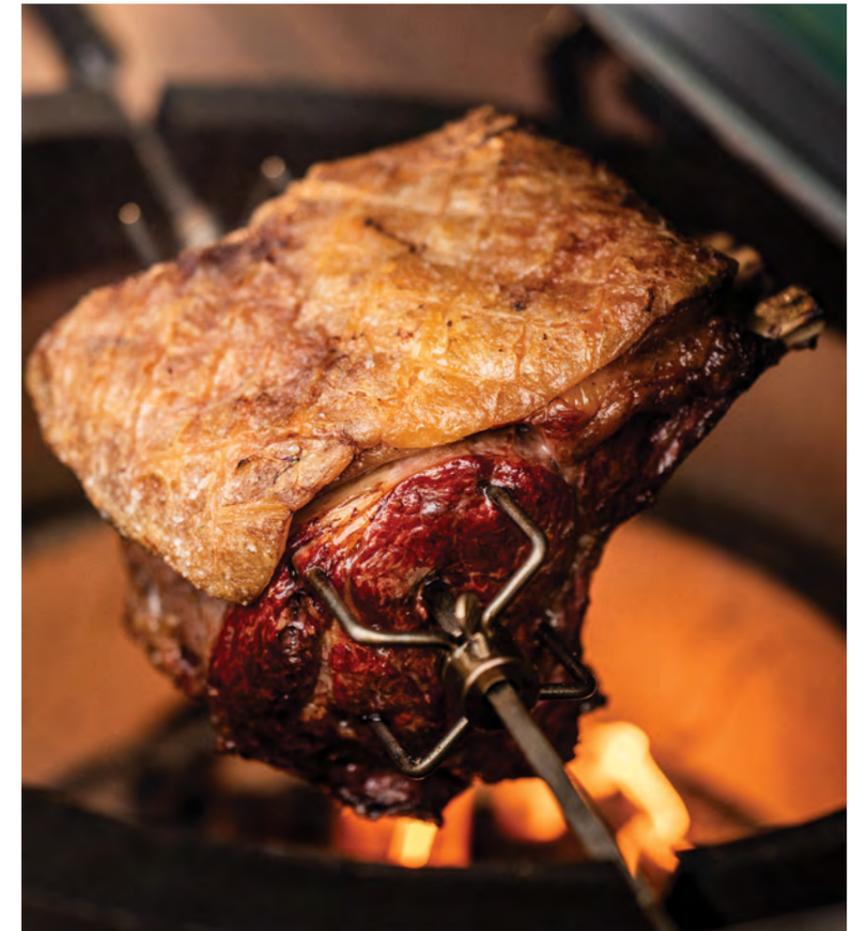

Only for the Large and XL EGGS

Cooking on the Rotisserie

Cook starters, sides or sauces underneath the Rotisserie by fitting an upside-down EGGspander System Multi-Level Rack to the setup. This can be direct cooking – grilling a flat bread on a grid, for example. Or, by adding a Baking Stone, indirect – maybe roasting potatoes in the fat of a rotating chicken.

TUMBLER

Easily fitted to the Rotisserie, a Tumbler allows for the spit roasting of smaller ingredients such as root vegetables, prawns or chicken wings.

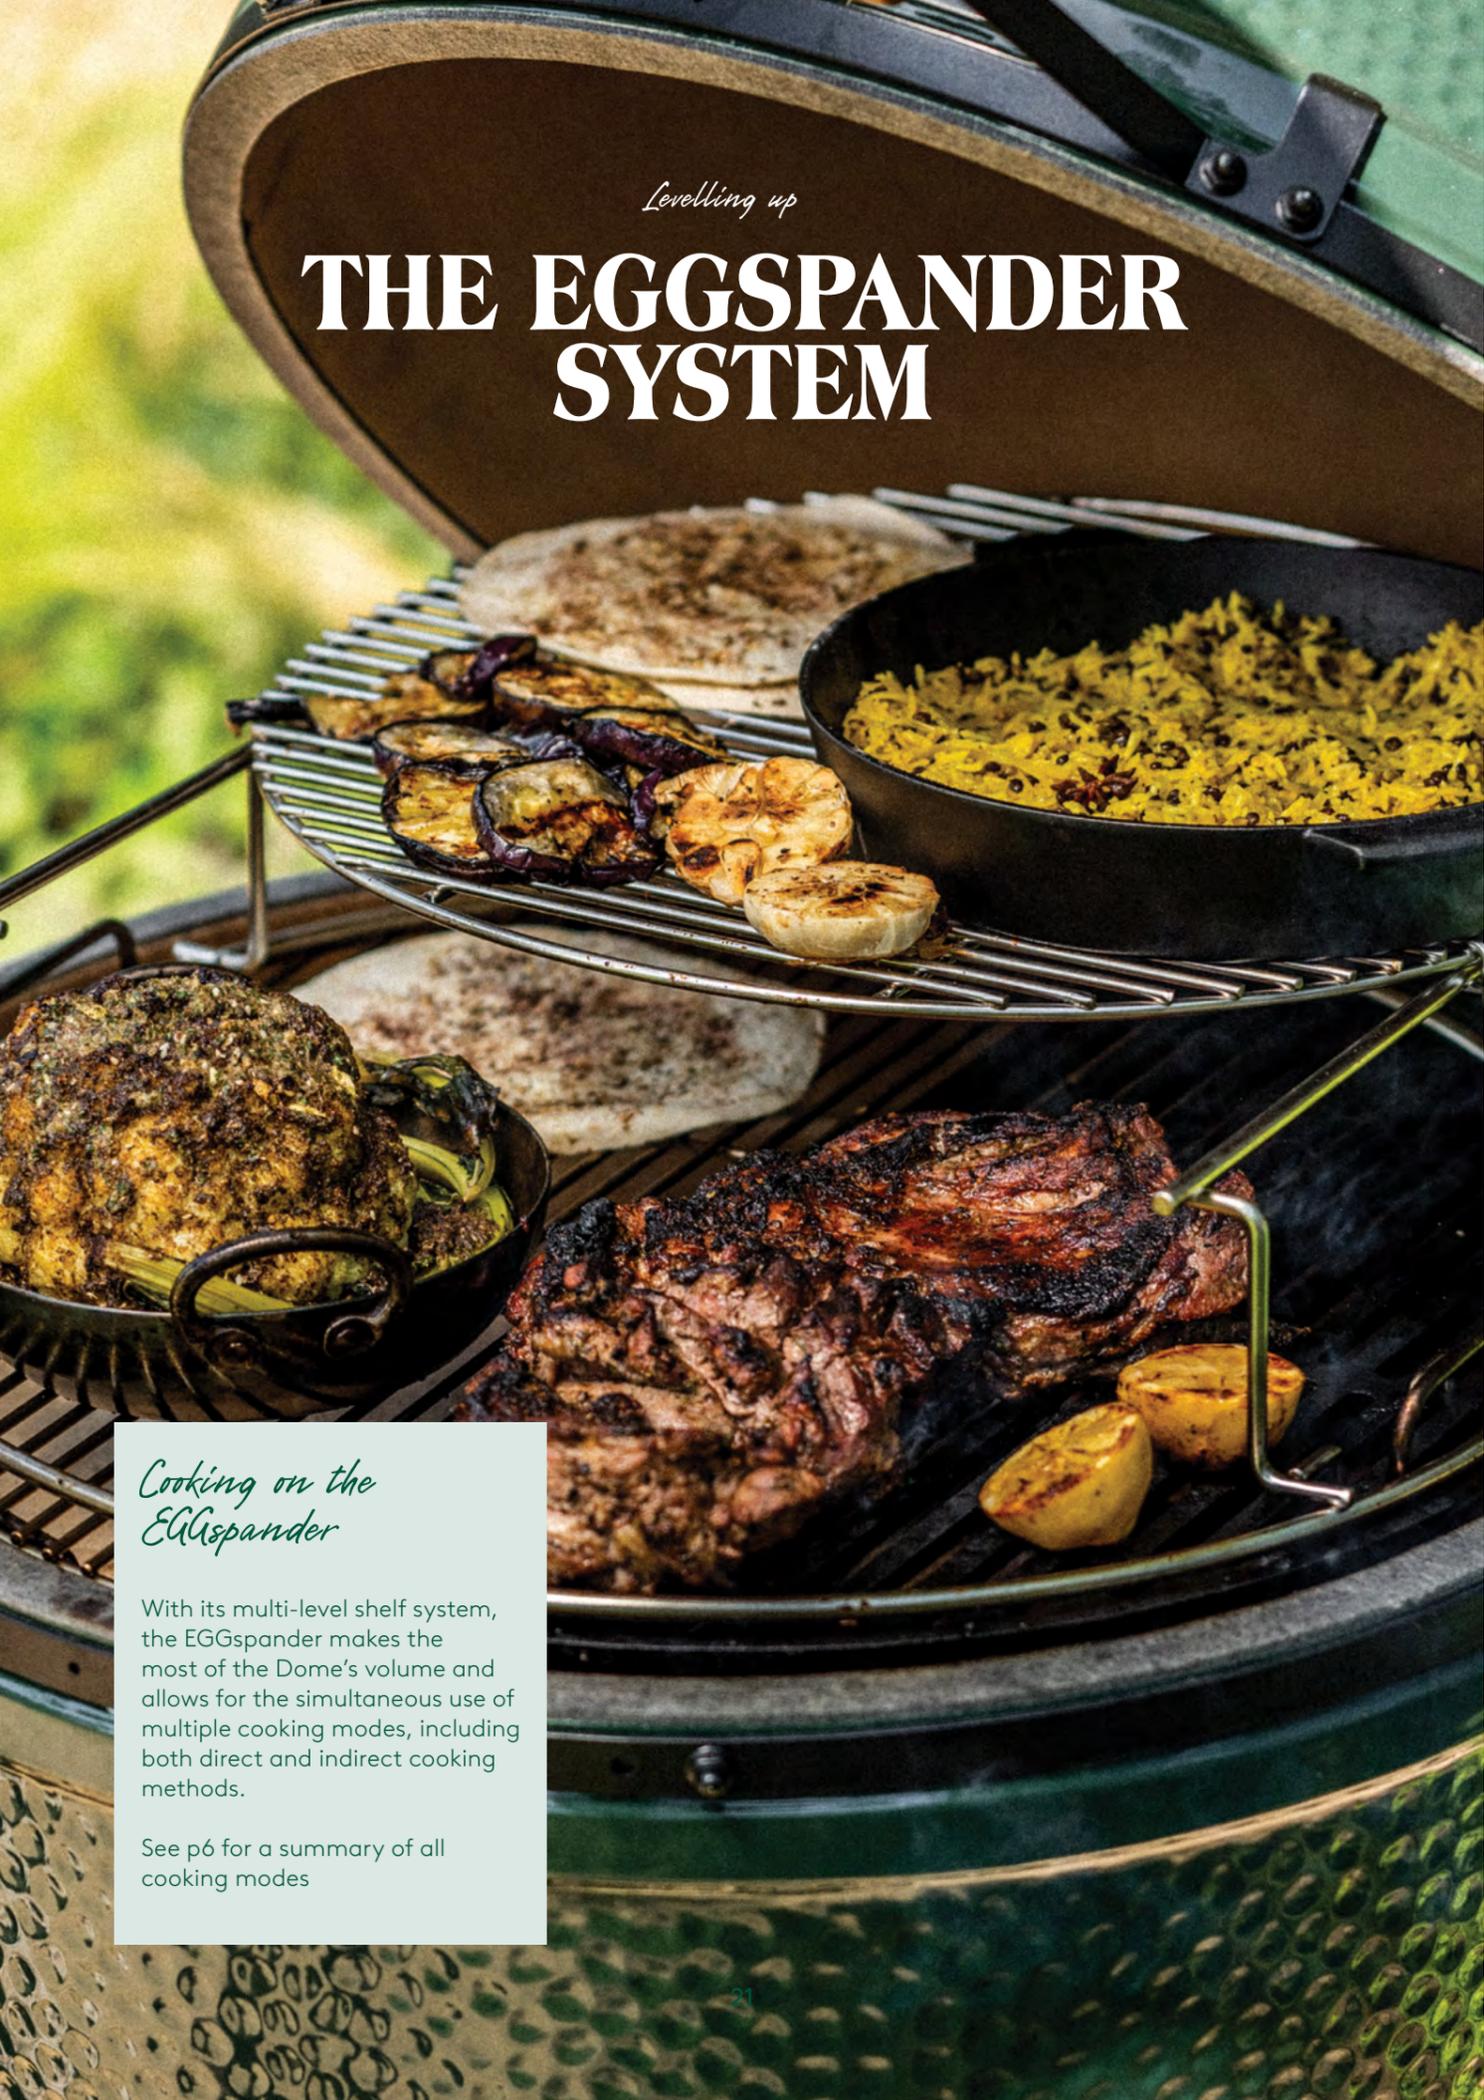

BASKET

Flat ingredients that can't easily be threaded onto the spit, such as a whole fish or a spatchcocked bird, can be spit roasted inside this simple attachment.

PRODUCT	SKU	EAN

Levelling up

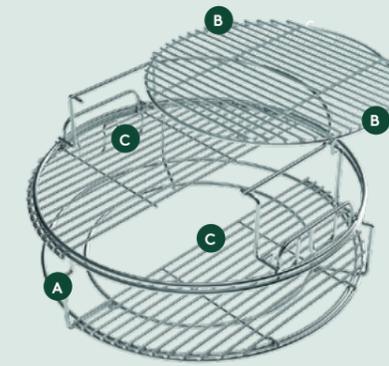

THE EGGSPANDER SYSTEM

Cooking on the EGGspander

With its multi-level shelf system, the EGGspander makes the most of the Dome's volume and allows for the simultaneous use of multiple cooking modes, including both direct and indirect cooking methods.

See p6 for a summary of all cooking modes

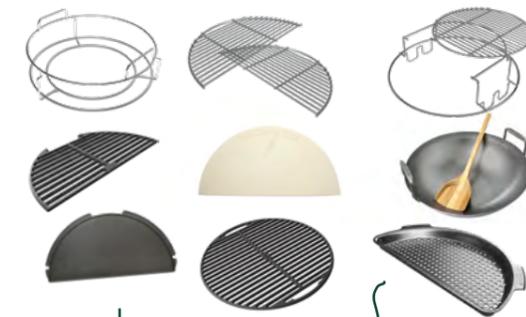

5-PIECE EGGSPANDER KIT

Although available individually, the 5-Piece EGGspander Kit (above) comes with:

- A ConvEGGtor Basket
- B 2-Piece Multi-Level Rack
- C Two Stainless Steel Half Moon Grids

ALL THE PARTS

SET-UP EXAMPLES

CONVEGGTOR BASKET

The ConvEGGtor Basket is the starter component for our EGGspander System: the base into which the 2-Piece Multi-Level Rack is fitted.

2-PIECE MULTI-LEVEL RACK

This rack, which slots easily into the ConvEGGtor Basket, provides shelves at two different levels and accommodates two half-moon surfaces, allowing multiple modes to be used at once.

STAINLESS STEEL HALF MOON GRIDS

The two Half Moon Grids can be placed on different levels, one closer to the coals, one higher up. Or, if just one is used, that leaves room for another cooking surface on the other side.

CAST IRON HALF MOON & FULL SEARING GRID

The thicker cast iron bars of this grid retain higher temperatures for longer and provide clearly defined sear marks on meat, fish or veg.

HALF MOON CERAMIC BAKING STONE

With the ConvEGGtor in place, this ceramic stone provides a cooking surface for bread, pizzas and other bakes.

CARBON STEEL WOK

This flat-bottomed wok is designed to sit perfectly within the EGGspander System. The direct contact between heat source and cooking surface results in amazing heat distribution.

HALF MOON PERFORATED GRID

Non-stick, scratch-resistant, and dishwasher friendly, the cooking surface stops smaller foods falling through the gaps while allowing heat and smoke to pass evenly from below.

HALF MOON GRIDDLE PLANCHA

The dual-sided design of the Cast Iron Plancha Griddle is ideal for searing, sautéing and even grilling sandwiches and panini. The Plancha Griddle is also perfect for cooking favourite cooked breakfasts.

No smoke without flavour

FUEL

100% NATURAL OAK & HICKORY LUMPWOOD CHARCOAL

Big Green Egg Natural Lump Charcoal imparts a deep, characterful flavour, with no chemical aftertaste. Like all of our charcoal, it contains no by-products, chemical fillers or petroleum additives.

100% NATURAL EUCALYPTUS LUMPWOOD CHARCOAL

Eucalyptus lights quickly and burns hotter and longer than most other woods. Sourced from sustainable plantations, it produces the cleanest, mildest flavour of the coals we sell.

100% NATURAL CANADIAN MAPLE LUMPWOOD CHARCOAL

Produced from top-quality cuts of Canadian maple, this charcoal will bring a touch of subtle sweetness to the food it infuses.

INTRODUCING SOLIDTEKNICS

Having gained a worldwide fanbase, Solidteknics cookware is now available in the UK for the first time and quickly making its mark. Each of these pans are free from toxins, heavy metals and synthetic coatings, they're durable enough to last for centuries, whether used in a kitchen on a gas, induction or electric hob or outside on an open fire or Big Green Egg.

From oven to table

SOLIDTEKNICS IRON SAUTEUSE PAN

This 22cm pre-seasoned pan has deeper sides than our standard skillet. It's ideal for one-pan meals such as frittatas or for shallow frying, but can be used every day for all sorts of tasks, from baking to small roasts.

SOLIDTEKNICS BAKING TRAY

This pre-seasoned baking tray is made from 2.5mm-thick wrought iron, which performs like cast iron but is only half the weight. The fact that it has no synthetic coatings and conducts heat brilliantly means even bakes every time without the need for parchment paper. Because it's built to withstand very high temperatures without buckling, it is perfectly suited to the EGG.

SOLIDTEKNICS BIGGA SKILLET

This exceptional 35cm pre-seasoned pan is ideal if there is more than one mouth to feed. Capable of performing at the very highest of heats, it'll become a go-to pan for browning meat, searing steaks or even baking breads.

SOLIDTEKNICS CREPE PAN

This indestructible 24cm pre-seasoned crêpe pan, is capable of performing at the very highest of heats. Although it is, of course, ideal for pancakes and crêpes, it can also serve as a low-sided skillet (ideal for foods that require flipping such as fish or flatbreads).

SOLIDTEKNICS IRON WOK

The 30cm flat-bottomed pan is not only a high performance wok - ideal for stir fries - but a great everyday pan for frying, poaching, braising, roasting and baking. It is made from 2.5mm-thick wrought iron, which behaves like cast iron but is only half the weight. The two 'love' handles make it easy to transport from EGG to table.

SOLIDTEKNICS NÖNI OVEN TO TABLE PANS

This incredibly versatile piece of cookware, available in four sizes, manages to be a frying pan, pie pan, cake tin and roasting pan, all in one. Pair two pans of the same size, one on top of the other, to create a Dutch oven. With its twin handles and stylish design, it's perfect for serving food straight to the table.

CARBON STEEL WOK

A flat-bottomed wok designed to sit perfectly in the ConvEGGtor Basket. The direct contact between heat source and cooking surface provides amazing heat distribution.

Not suitable for MiniMax.

BEST SELLER

NON-STICK ALUMINIUM ROASTING & DRIP PANS

These pans feature an easy-clean surface and have the Big Green Egg logo embossed on the base.

Not suitable for MiniMax.

DISPOSABLE DRIP PANS

Disposable aluminium foil pans designed to sit snugly in a ConvEGGtor. Come in packs of five. Available in three sizes that fit MiniMax, Large and XL EGGS.

BAMBOO CUTTING BOARD

This dense, hard-wearing bamboo board is built for outdoor use. With a drip channel to collect any juices, it is perfect for preparing ingredients, carving cooked food and even serving to the table.

DISPOSABLE CUTTING BOARD

Moisture-resistant single-use cutting boards with fold-up edges to contain juices and liquids. Come in packs of 15.

STAINLESS STEEL RIB & ROAST RACKS

Dual-purpose racks that can be used upright to hold roasting joints or poultry, or flipped over to hold ribs. Fit perfectly in our Roasting & Drip Pans.

Not suitable for MiniMax.

UTENSILS

STAINLESS STEEL CUSTOM BBQ TOOL SET

The Big Green Egg Custom BBQ Tool Set includes a traditional grill spatula, a multi-purpose wide spatula and a handy silicone basting brush.

BEST SELLER

STAINLESS STEEL SILICONE TIPPED BBQ TONGS

A tool for turning grilled foods, sautéing vegetables, serving pastas and tossing salads. The silicone tips are heat resistant up to 260°C.

CAST IRON GRILL PRESS

The Big Green Egg Cast Iron Grill Press creates perfect "smash" burgers with crispy edges and a juicy center, and prevents curling when cooking bacon or ham.

BIG GREEN EGG PINK BUTCHER PAPER

Paper for wrapping meats during a cook to decrease cooking times or prevent moisture loss. Natural fibres allow meat to breathe and develop a smoky flavour but without causing the crust to go soggy.

STAINLESS STEEL SPATULA & BASTING BRUSH

Extra long stainless steel shafts keep heat safely at a distance, and contoured handles provide a comfortable and secure grip.

Only available as individual products

WIDE STAINLESS STEEL SPATULA

A multi-purpose tool for lifting and turning food that's too large or too delicate for a smaller spatula. Also useful for serving food from a platter or roasting pan.

STAINLESS STEEL BBQ TOOLSET WITH WOODEN HANDLES

This three-piece barbecue tool set has stainless steel shafts to keep heat safely at a distance, and solid wood handles to provide a comfortable and secure grip.

STAINLESS STEEL CHEF & PARING KNIFE SET

A set of two high-quality knives: a 9cm Paring Knife and a 20cm Chef Knife. High carbon stainless steel for years of trouble-free performance.

KITCHEN KNIFE SET

A premium-quality four-piece set consisting of a Chef Knife, a Slicing Knife, a Santoku Knife and a Utility Knife, with precision-forged German steel blades, hand-polished to a satin finish.

STEAK KNIFE SET

A set of four beautifully engineered Steak Knives with blades made from precision-forged German steel and tripled-rivet handles made from highly durable laminated pakkawood.

BEST SELLER

BAMBOO PIZZA PEEL & SCREEN

Made from bamboo – a hard, dense, highly durable but lightweight wood – this peel is a perfect tool for moving pizza and bread into and out of the EGG.

The peel comes with a pizza screen: a 31cm-diameter aluminium mesh, the holes of which allow hot air to circulate all the way around the dough, resulting in a quicker baking time and a crispy, evenly cooked base.

DEEP DISH BAKING STONE

The Deep Dish Baking Stone assists with the creation of deep-dish pizzas, breads, quiches and pies. It distributes heat evenly for a perfect bake, while the excellent heat retention means that food stays warmer for longer.

THE ULTIMATE PIZZA WHEEL

A durable stainless steel rotary blade with non-slip grip and integrated blade guard. Sharp and precise for perfect slices. Dishwasher safe and easy to clean.

BEST SELLER

ALUMINIUM PIZZA PEEL

Provides a safe, convenient way to handle pizza, calzones and bread. Features a smooth and sturdy aluminium surface with a comfortable soft-grip handle.

NOW AVAILABLE FROM ALFRESCO CONCEPTS

SOLIDTEKNICS

FROM HOB, TO OVEN, TO FIRE.

Next level kitchenware.

Built from seamless chemical-free wrought iron, Solidteknics pans are lightweight but built to last for generations. They conduct heat like no other and perform flawlessly both on open fires and in the home, improving with age.

NOW AVAILABLE FROM ALFRESCO CONCEPTS

We've cracked the code to the perfect pizza at home.
